

ROME TECHNOPOLE FOUNDATION

Established on 27th June 2022 to represent Lazio's innovation ecosystem.

The core of the project is developed on three thematic areas:

- Energy Transition
- Digital Transition
- Health & Bio-Pharma

39 Founder Partners

- 7 Universities in Lazio
- 4 National Research Centers based in Lazio: CNR, ENEA, ISS, INFN
- 2 SMEs
- 17 large companies and multinationals
- Local institutions: Lazio Region, Municipality of Rome, Lazio Chambers of Commerce
- 2 business associations that are members of Confindustria
- INAIL

VENUE

The Young Researcher Workshop will take place at the Department of Chemistry (CU014), Sapienza University of Rome, "La Ginestra Room" on June 28th, 2024.

RM TECH - SPOKE 6

Young Researcher Workshop
28 June, 2024 - Rome

WHY SHOULD YOU ATTEND?

Young Researcher Workshop is dedicated to PhD students, PostDocs and Young researchers.

You will have the opportunity to:

- 🔍 Be introduced to the activities of the 24 Joint Labs of RM Tech
- 👉 Collaborate and share ideas for further developments

WORKSHOP PROGRAM

Young Research Workshop is an unparalleled opportunity for young researchers to delve into the activities of the 24 Joint Labs of RM Technopole, share ideas for new collaborations.

LA GINESTRA ROOM – Dept. Chemistry	
9.30	Opening Session Antonella Polimeni President of Rome Technopole (<i>To be confirmed</i>) Sabrina Saccomandi General Director of Rome Technopole Franco Fossati Scientific Director of Rome Technopole Maria Sabrina Sarto Spoke 1 Coordinator of Rome Technopole Luciano Galantini Spoke 6 Coordinator of Rome Technopole
10.00	Presentations - Joint Labs RM Technopole
11.00	Coffee Break
11.30	Presentations - Joint Labs RM Technopole
12.45	Lunch Break
14.15	Presentations - Joint Labs RM Technopole
16.30	Coffee Break
17.00	Presentations - Joint Labs RM Technopole
18.10	Closing Remarks

SPOKE 6

Spoke 6 promotes and supports all stable joint activities between research partners and industrial partners from the perspective of the ecosystem.

24 JOINT LABS

The Joint Labs of RM Technopole provide an environment where academia and industry can collaborate to pursue strategic advancements in complex engineered systems and technologies.

IMPORTANT DATES

Abstract Submission Deadline
June 15th, 2024
